Scan Speak 10F/4424G00 mounting bracket for Model 3 dash/rear door mount

Recommended Filament: ABS

Alternate: ASA/PETG

Support required: No

Brim required: Optional

Layer Height: 0.2-0.3mm

Perimeters: 2-3

Infill: 15-25%

Print orientation: Same as it goes in the dash with the speaker mounting to the top inset (logo up)

Accessories required: 4x M3 or 4-40 button head or cap screws 8mm (5/16") length

Original items required: 3x factory mounting screws are reused for dash mount, suitable additional screws required for rear door use. (details to follow) For rear door use turn the bracket upside down and install from the back of the speaker (no screws required for mounting the speaker to the bracket, it simply acts as a clamp).
